

# DIAMOND WIRE SAW

MACTECH OFFSHORE PORTABLE MACHINING SOLUTIONS

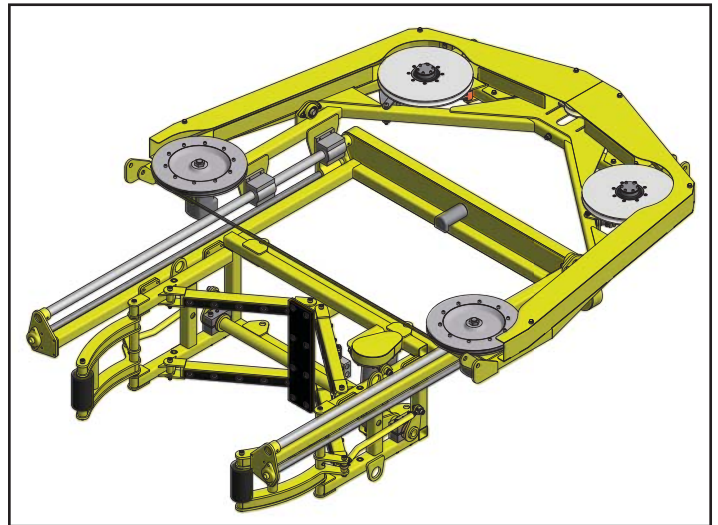

## Subsea Single and Multi-String Pipe and Structure Cutting

### Introducing Mactech's latest design under development!

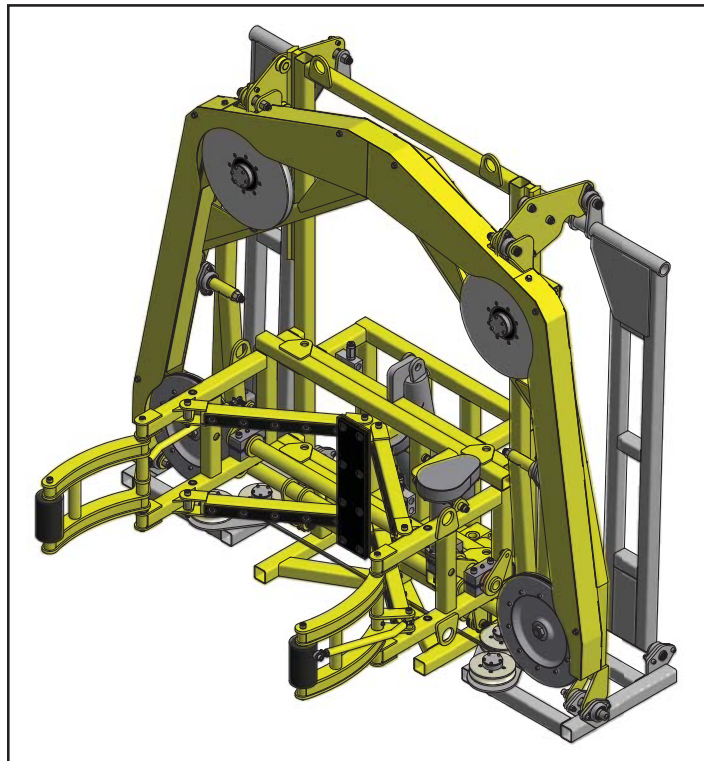

The Mactech Diamond Wire Saw is designed for ultimate versatility and restricted space situations. The modular DWS configuration allows clamping above or below the cut-line, with in-line or articulating feed operation.

### Features

- Reduced set-up, installation, cutting and removal time.
- Small footprint saves deck space.
- ROV compatible.
- Rugged all-steel construction.
- Powerful drive and feed systems.

**Diamond Wire Saw - In-line**

**Diamond Wire Saw - Articulating**

### Operating Weights

Diamond Wire Saw - Articulating: 1250 lbs (567 kg)

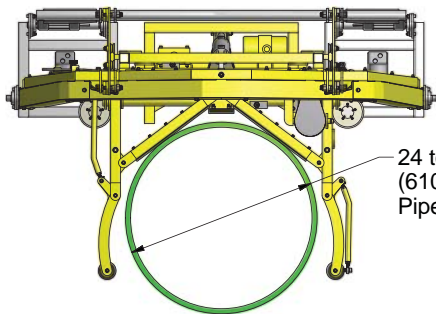

Diamond Wire Saw - In-line 1000 lbs (454 kg)
